THE ARCHIPELAGO AREA PLANNING BOARD

What does The Archipelago Area Planning Board do?

The Archipelago Area Planning Board has jurisdiction over lands within the Township of The Archipelago, the unincorporated Townships of Wallbridge, Brown, Blair, Mowat and Henvey and that portion of Harrison Township that is not in the Township of The Archipelago. The Planning Board consists of 8 members, 6 of which are Township of The Archipelago councillors appointed by Council and 2 of whom are Provincial delegates chosen by the Province to represent the unincorporated areas.

The Province has delegated authority under the Planning Act to The Archipelago Area Planning Board (the "Planning Board") to make decisions on consent applications, requests for approval of plans of subdivision and on condominium developments within the Township of The Archipelago. The Planning Board has the authority to grant consents only within the unincorporated Townships as identified above.
